

**THE MIAMI
CONSERVANCY
DISTRICT**

POSITION
Senior Civil Engineer

STARTING SALARY
\$93,600

Miami Conservancy District (MCD) is seeking a dynamic and self-motivated civil engineer to join our team!

RESPONSIBILITIES:

Candidate will oversee all aspects of civil infrastructure management and projects including planning, funding, analysis, inspections, designs, reviews, bidding, construction, and managing staff. Candidate will be responsible for projects related but not limited to dams, levees, concrete structures, utilities, and recreational trails. Candidate will assist with asset management planning, development and maintenance of design and construction standards, and quality control and assurance.

Candidate will represent MCD in meetings or presentations to the general public, consultants, vendors, contractors and other Federal, State and local agencies as assigned. Candidate will prepare materials for public meetings and hearings; interact with the public and answer questions on technical, environmental, economic and social issues of an assigned project.

QUALIFICATION REQUIREMENTS:

The qualified candidate will have a bachelor's degree in civil engineering, a Professional Engineers License and at least ten years of experience with managing civil infrastructure. Preferred experience managing ODOT project development process (PDP). Experience with AutoCAD Civil 3D, Bluebeam, and GIS a plus.

Individuals interested in this position should submit a cover letter and resume to:

Shannon Phelps, Manager of Administration
